Sunrise Pharmaceuticals Ltd.

Subject: Complaint regarding defective medicine batch

Dear Sir/Madam,

I am writing on behalf of Wellness Care Pharmacy, located in Bangalore, India, to report a quality issue with a recent medicine shipment.

We received a batch of Metformin 500mg Tablets, batch number MET-2026-1123, and upon inspection found that approximately 40 strips had broken and crumbling tablets inside sealed blister packs. Several of our customers who purchased from this batch also called in to report that the tablets appeared powdery and did not hold their shape.

This is a serious quality concern as several diabetic patients rely on this medication daily. We have withdrawn the remaining stock from our shelves and are awaiting your guidance on further action.

Reported by: Mr. Suresh Kumar, Pharmacy Manager
Contact: wellnesscare.bangalore@example.com

We would appreciate an urgent investigation into this matter.

Regards,
Suresh Kumar
